FOLLOW-UP OF THE ASSESSMENT RESULTS IMPLEMENTATION PLAN

REPORT

Department: Department of Textile Design
Program: B.Des. Textile Design

Sr. No.	AT Findings	Corrective Action	Implementation Date	Responsible Body	Resources Needed	Follow up
1.	Improve student teacher ratio and faculty retention.	Faculty members are pursuing higher studies abroad. Hiring and retention are in progress to ensure a smooth transition while maintaining a competitive and supportive environment for both existing and new faculty members.	6 Months-1 Year	<ul style="list-style-type: none">• Department of Textile Design• Registrar Office	Not required at this point	Hiring of faculty is in progress.
2.	Provide adequate time/funding to faculty for professional development and research.	Always encourage faculty to apply for external research grants including attending conferences, workshops, and training programs by following proper application and approval processes.	The case(s) will be processed as and when received.	<ul style="list-style-type: none">• Registrar Office• Treasurer Office• ORIC Office	Not required at this point	No request has been received so far
3.	Student patent and career counseling.	Students are strongly encouraged to become familiar with the process of patenting their design ideas through IPO Pakistan. To enhance their understanding of the process, awareness sessions have conducted earlier. Additionally, career counseling is provided to students whenever they need it, to assist them in achieving their goals.	Routine Activity	<ul style="list-style-type: none">• Department of Textile Design	Not required at this point	No specific request has been received so far
