## Quality Enhancement Cell

		'National Design Conference 2023' is taking place in May 2023 in which the faculty is again part of the organizing team.				ORIC, where 2 faculty members of Art and Design Education were part of organizing committee, one of them was Co- Chair of the conference. Also one faculty member participated in the conference and shared his research.
5.	There could be more interactive sessions with other sources in this field.	Interactive sessions with guest speakers are done in different courses of the program for students to get an opportunity to interact with experienced designers, artists and educator.  More international and local interactive session opportunities are also under consideration at the moment to increase these opportunities for students in future.	Ongoing	Art and Design Education Department	Budget to invite international guest speakers. - Budget for local guest speakers. - Budget to send students and abroad for trainings - Budget from call experts from abroad to do training sessions with faculty and students.	Online teacher training workshop of 26 Teachers of The City School is ongoing in which the department's faculty is giving them a 6 weeks long workshop on "Exploring Materials and their Materiality"  Local guest speakers from around the country relevant to Art and Design Education are invited to give session/ critiques to M.Phil. Art and Design Education program students in their courses.
