

OFFICE OF THE QUALITY ENHANCEMENT CELL

ASSESSMENT TEAM REPORT / FINDINGS

Department : Department of Ceramic and Glass Design
Program : Bachelor of Design (Ceramic and Glass Design)
Document Assessed : Self-Assessment Report (SAR)
Assessment Date : February 14, 2024

- 1- We need to enhance the overall infrastructure of ceramics and glass design lab. This includes upgrading softwares in lab, equipment like wheels, replacing improved kilns. So we can ensure students have resources to produce high quality work.
- 2- Teachers should be given time for research and personal skill development
- 3- It's important to compile and publish the work of students and faculty internationally/nationally.
- 4- Conducting frequent workshops and

PAKISTAN INSTITUTE OF FASHION AND DESIGN, LAHORE

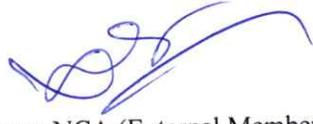

Chartered by the Government of Pakistan

- participating in exhibitions would be great
- 5- Faculty should identify gap between international ceramic graduates & our university graduate to improve skills
 - 6- Build connection b/w international / local artist for collaborative research & innovative design.
 - 7- Sharing teacher's evaluation with them would help them be aware of areas they can work on.
 - 8- Holding more sessions, workshops and lectures from industry professionals would keep students updated with market trends and needs.
